Reckless driving nearly caused a general smash between Norway and South Paris, Sunday evening. A long procession of automobiles led by the Norway & South Paris bus was on its way to Norway and the Chautauqua grounds, after being held at the crossing several minutes by the passenger train from Portland. As the line got well underway, a driver in the rear of the string shot along the road and without a signal, cut at an angle directly in front of the bus heavily loaded with passengers. Only the quick work of Ted Young, the bus driver, saved a wreck. The long procession halted suddenly and numerous cars barely escaped serious bumps in the sudden stop.

BASEBALL

Norway A. A. 12; Gorham 2

A one-sided contest was pulled off at the fair grounds Saturday afternoon with Gorham, N. H., on the small end and at the mercy of the heavy hitting outfit representing the Norway Athletic Association. The loss of the Gorham catcher from the game in the second inning, caused a re-adjustment of the line-up that was not productive of good results for the team. After this unfortunate circumstance the final result was never in question as the visitors failed to score a runner until the eighth inning.

Norway started something real in the first inning and caged two runs on the get-away. With one runner gone Dewhurst drew first base on a pass, went second on LaFrance's sacrifice and scored when Liggett dropped Van Volten's long fly into right field. Van worked along by drawing throws and Lynch scored him on a neat single.

Norway harvested four ripe plums in the third with little exertion. Gorham had replaced Leavitt in the box, and the young south paw seemed over anxious to make good. As a result, Duncan, Lynch and Trafton walked, a single by Haggerty and Dillon's two sacker cleaned up the four runs in this erratic inning.

In the fifth inning LaFrance was hit by pitcher Gorham and set going on a trip that carried him clear around. A stolen base, Hunt's single, and Dewhurst's hit going for a fielder's choice, chalked down the run for that inning.

Another whack was made at the plum tree by Norway in the seventh inning. This time Liggett occupied the mound, having been conscripted from right field to replace Gorham. Hunt was passed, Dillon singled, Dewhurst rapped sharply to the infield and the bases were full. Liggett passed Duncan, thus forcing a run, Van Volten's two bagger and a single by Lynch cleaned up a pretty string in short order.

The visitors opened the game in excellent form and gave promise of making Norway fight to keep the pole. In the last of the second inning Graham, the back-stop was forced to leave the game. Leavitt, who had been going well in the box went behind the plate and Gorham, a young twirler, was hauled in from center field to officiate. Liggett replaced the youngster in the sixth inning. Literally, the visitors were "shot to pieces" and the moral not up to fighting pitch.

Not until the fourth inning did the visitors look like a run making outfit. An opportunity came at this time when Shepard won first on Dewhurst's fumble, but died stealing second. Duffy landed safely as Dillon made a low throw to first and Leavitt hit safely to the infield. Haggerty made a pretty catch of Jackson's fly into right, that looked good for two runs. This closed the door.

In the sixth Gorham fell in luck and earned a chance to tally. Daull singled, went second when Shepard laced a hit into left, but was caught home while stretching for a run when Ford hit safely into right field.

An error, two singles and all round carelessness gave Gorham two runs in the eighth. Daull made first when Dillon heaved wildly to that sack, Shepard hit into left safely, Duffy singled, Leavitt put one into the diamond for a fielder's choice which caught nobody.

This combination spilled the whitewash in the nick of time. Hunt closed the inning by striking out a pair, leaving two on bases, but the two scores to Gorham's credit.

West Paris 3; Groveton, N. H. 2

West Paris handed the crack Groveton, N. H. A. A. its first defeat of the season on its home grounds last Saturday by a 3-2 score. Not one of Groveton's three scratch hits went out of the infield, and, in spite of ragged support, Benson was never in real danger of losing his game because of his ability to tighten up in the pinches. The two runs scored by the home outfit were gifts. Groveton unquestionably had the fastest team West Paris has met this season, but their inability to hit Benson cost them any chance they might have had of winning. Lacombe was also effective, Sawyer and Hill being the only ones to hit safely more than once. The fielding features were contributed by the rival third basemen, Nourse and Langley.

West Paris has yet to meet its first defeat and hardly expects to lose to the Lewiston Meadowbrooks next Saturday. The score:

After winning six straight games, the Woodstock Athletic Club struck a snag at West Paris and was beaten 11-5. Both teams hit the ball hard at times and fielded loosely, but the game on the whole was fairly interesting. The score:

Westbrook Here Saturday

Norway must play fast ball Saturday to win from Westbrook. The visitors came within an ace of carrying home the spoils when they appeared here earlier in the season. In a pouring rain Norway won over the bunch with a 3 to 1 score and it was a mighty ticklish proposition at that. This coming battle promises to be a thriller as both teams are in a position to show class with a slam straight from the shoulder.

Fair Ground's gates open at 2:15 p. m., game called at 3 o'clock. Plenty of room in grand stand and along side lines for the faithful. Better get in on this game as the visitors are a known quantity with pep and vim.

Electric Railroad Matters

Another move has been made which will interest the citizens of South Paris and Norway. After some months the Public Utilities Commission in a statement dated July 15 are favorable toward considering the electrification of the branch road, thus running over the Grand Trunk from South Paris to Norway. With some connection between the steam and electric lines the cars would pass to the head of Main street over the rails as embedded in the cement street.

Another point is the question whether or not the Central Maine Power Co. that absorbed the Oxford Electric Co. should undertake to render street railway service between Norway and South Paris at a loss.

W. S. Wyman, an official of the Central Maine Power Co. has been in consultation with representatives of the Grand Trunk concerning electrifying the Norway branch. The idea didn't create enthusiasm with the steam railroad people.

The Grand Trunk is anxious to discontinue the passenger service on the branch according to one official. Another in authority was not willing to divide the service so if the electric company should gain control it would mean freight and passengers for them.

Another suggestion worth considering is to run a trolley wire along the branch track and run a "one man" car in conjunction with the regular steam service. The company by working together would cut out a big snow bill as the expense might be divided.

Albert J. Stearns, Esq., is leading a movement to bring this matter to a definite head immediately.

In a letter addressed to Hon. B. F. Cleaves, chairman of the Public Utilities Commission, dated July 21, he urges that body to act definitely on the question. Quoting a pointed paragraph Mr. Stearns says, "Either the Central Maine Power Co. are under obligations to restore this service or they are not under obligation, and it is your duty I believe, to declare whether they shall be allowed to virtually abandon and still retain the corporate privileges granted the Oxford Electric Co. It is desirable, indeed it is imperative in the interest of justice, that this be done now, as the question of a permanent street is virtually connected with the proposition."

Because of receipt of letters too late for publication Posters containing the full correspondence on the Electric Railroad matters will be distributed through town Friday or Saturday. Watch for them.

Will Not Close Street

The lower end of Beal street will not go into house lots. That question was settled at the special town meeting at Norway Opera House Saturday afternoon. Only a small fraction of the legal voters attended, but an overwhelming majority against discontinuing the street carried their vote and no cozy bungalows will rise in a thoroughfare well known as a short cut to South Paris since 1884.

The question opened a lively debate with the majority of speakers not in favor of cutting off this highway. Probably the clincher that carried the day was the argument the town was not suffering with house lot drought, hence the action did not justify giving up a public convenience.

With practically no discussion, the vote was carried to raise $2,000 for finishing the basement in the high school gymnasium, the same to be paid by the Carroll-Jellerson Shoe Co., in the form of a supplementary tax.

The article relative to raising more money for a schoolhouse at Swift's Corner district was passed over. At the March meeting $2,500 was raised for a new schoolhouse. This was not considered sufficient to erect a building acceptable to the educational authorities at Augusta. A total of $4,200 would be needed according to estimates. The gist from the discussion left a decided impression that the sum raised in March would replace any schoolhouse in town excepting the high school building, and equal to the need of any district.

Cement Road A Mystery Question

A report about town that the cement road between Norway and South Paris is an assured fact, cannot be verified by any advices to that effect received either by the chairman of the road committee, Henry B. Foster, or George F. Hathaway chairman of the board of selectmen.

A state official visiting the assessors' office recently believed nothing would be done at present as the sum total appropriated by the two towns would not cover the bids. He could see no way to put it over.

The well founded report that Chief Engineer Paul D. Sargent has given assurances to the committee at South Paris that James H. Kerr will build the road from funds voted by the twin towns, the balance to be furnished by the state, may be true and definitely settle the important question.

The Norway selectmen must float some $20,000 in bonds, and the Norway committee should examine and approve the plans and specifications covering the road from Tannery Bridge to the fair grounds. According to those in authority, all this must be considered before Norway citizens can perform their part of the agreement. With no definite statement to date from headquarters, the matter hangs in the air.

Auto Hit By Train

Walter Cullinan and his G. M. C. truck got mixed with the G. T. R. east passenger train Tuesday forenoon on Stanton's Crossing, some two miles below South Paris statinon. Both were traveling in the same direction. The pilot of the locomotive gave the forward end of the truck a glancing blow which smashed and practically wrecked the motor. The truck was pushed to one side of the track but kept right side up. Mr. Cullinan remained at the wheel, but his helper jumped before the crash. Neither sustained injuries.

Curtis Abbott of Locke's Mills was in town Tuesday on business.

Mr. and Mrs. Frank Howe of Allston, Mass., are spending the week in town, calling on relatives and friends. They are also attending to repairs on the Howe Block.

Game warden, Bert Barker of West Paris, was in town Wednesday on business.

Mrs. Minnie H. Willey

Mrs. Minnie Willey passed away Wednesday afternoon, July 14, at the home of her sister, Mrs. Gertrude Allen, Danforth street. She had been ill five weeks and the cause of death was cancer of the liver.

She was born in West Paris, Nov. 30, 1868, the daughter of William H. and Elizabeth Richards.

For a number of years Mrs. Willey worked for the B. F. Spinney Shoe Co., and for the past 12 years had kept house for her sister and husband, Mr. and Mrs. Fred Allen. She attended the Methodist Church. She leaves two sisters in Minneapolis, Minn., who have been with her the past two weeks and another sister, Mrs. Fred Allen of Norway.

The funeral was held Friday afternoon at Mrs. Allen's home. Rev. Dwight F. Faulkner of South Paris officiated. Burial in Pine Grove Cemetery.

Mrs. Charles H. Merrill

Mrs. Nettie Merrill, wife of Charles H. Merrill, passed away Wednesday morning, July 14, at the C. M. G. Hospital, following an operation for appendicitis. Mrs. Merrill was 53 years and 5 months of age, born in Buckfield, Feb. 14, 1863, the daughter of Hosea and Susan Briggs Bonney. For many years she was a popular dressmaker in Norway previous to her marriage to Mr. Merrill nearly fifteen years ago. She was a woman who was highly respected in the community, a devoted member of the Methodist church, and a worker in the several departments.

She leaves her husband and four stepdaughters and four brothers, Dr. Milroy Bonney of Caribou, Emery and Wilson Bonney of Haverhill, Mass., and Elmor Bonney of Auburn.

Funeral services were held from the home on Tucker street Friday afternoon conducted by Rev. Dwight A. Faulkner, pastor of the South Paris Methodist Church. Interment was at Riverside Cemetery, South Paris. The flowers were abundant and beautiful.

Veranda Club Notes

The Veranda Club was very pleasantly entertained at the home of Mrs. Vira L. Kilgore, July 14, with a good attendance. Children's Day in the near future was brought up and discussed but no definite plans were made. It was reported the graves of the deceased members were decorated Sunday, June 27. After the business meeting, the time was spent in sociability, but as a shower was approaching, all departed for their homes at an early hour. Lunch was served by the hostess.

Next meeting will be with Mrs. Florence Smith, lower Main street, Wednesday evening, July 28.

Louise Silver of South Paris has employment at the Norway laundry.

"Polly of the Circus" attracted 1150 people to the Chautauqua tent Saturday evening. A cast of eight Metropolitan players gave the story, using five changes in scenes. Officers Kimball and Hall parked 150 automobiles and all got off the lot through the main entrance without accident.

Norway Athletic Association has the following dates booked at the fair grounds: Oxford on July 31, Livermore Falls Aug. 7, West Paris August 14.

The party left Norway at 5 a. m. going by the way of Bethel and Gorham, N. H. They enjoyed a picnic dinner at Glen Ellis Falls and returned through Bartlett, North Conway and Harrison. Several calls were made enroute. They reached home at 5 p. m.

The regular dance held under the auspices of Norway Grange will be given in Grange Hall as usual Friday evening, July 23. George Soper, the drummer, has returned from his vacation and will be a member of the three piece orchestra furnishing music. Through a misunderstanding no war tax has been collected in the past on dance tickets, but hereafter the fee must be paid. The inspector was in town recently and explained the law which compels a tax on every ticket sold, whether the entertainment be held in open air, in a hall, church or wood shed.

SOUTH PARIS

Birthday Anniversary Observed

Charles W. Bowker observed his 59th birthday anniversary Monday evening with an informal party arranged late in the afternoon by Mrs. Bowker, his daughter, Muriel Bowker, and Mrs. Stanley Wheeler.

The pleasant affair was held in the exhibition hall at the fair ground directly after the close of the Chautauqua program. Some forty invited guests included E. Martin Grove, superintendent of the Community Chautauqua, his assistants J. E. Endres and L. E. Gobrecht and Mildred Hadsdell, superintendent of Junior Chautauqua. The "Cremonas," a company of six musicians who gave the closing program, also attended. Several young people from South Paris and Norway were present and a few pleasant hours were spent in an informal way. Mrs. Bowker kept the guests moving by her characteristic energy with not a dull minute on the program.

Dancing was in order to music furnished by Elizabeth Klain piano, and Louise Thomas, drums. Punch, sandwiches, and fancy cookies were served before and during the dancing.

Mrs. Frank Dalton

The body of Mrs. Frank Dalton, formerly Arlena Evans of South Paris, was brought here from Providence, R. I., for burial in Riverside Cemetery. She was the daughter of Byron and Jennie E. (Winslow) Evans and was born in South Paris 28 years ago. The family moved to Rumford some years ago, where she graduated from the high school. She also was a graduate of Kent's Hill Seminary.

In 1915, she married Frank Dalton, who was manager of one of the Atlantic and Pacific Company's stores. They had lived in several different cities and at the time of her death was living in Providence.

The funeral was held at the home of her father in Rumford. She is survived by her father, her husband, and a daughter, Jane, three years of age.

That rhubarb can thrive on coal ashes is no idle dream. At the Congregational parsonage was grown monstrous plants that forward the common herd into oblivion. One leaf measured forty inches across with a stalk six inches in circumference. The stalk was tender and a single stem would "sauce up" an average family many days. This big yield was produced near the ash pile and probably furnished the pep.

Janet Hershey, who played the part of "Polly" in Polly of the Circus, at the Community Chautauqua, Saturday night, was a college mate of Mrs. Arline Crocker Stevens at Emerson College and they worked together frequently in dramatic parts. Miss Hershey was a guest of Mr. and Mrs. Stevens while here.

STANDARD OIL CO. OF N.Y.
The sign of a reliable dealer and the world's best Gasoline

Memorial lighthouse at Crown Point on Lake Champlain, commemorating the discovery of Lake Champlain by Samuel Champlain in 1609. Erected 1912.

Every motor highway and byway throughout picturesque New England and New York is a part of the long "Socony Trail".

THE Standard Oil Company Of New York was a pioneer in the oil refining industry. It has made petroleum history by constantly improving the quality of its products, and by discovering and developing new ones.

Socony products and service have kept pace with every step of progress made in the petroleum industry—and with every requirement of those who depend upon it in any way.

As a result, Socony gasoline today represents half a century of refining experience. It is truly the standard of quality motor fuels. Socony stations are ever increasing in number because motorists are demanding, more and more, a uniformly clean and powerful gasoline, easily obtainable.

Because Socony is always uniform, it always gives full mileage with low carbonization. And this is true whether you buy it in Bar Harbor or Buffalo. The economy of a permanent carburetor adjustment is possible only when you can obtain your regular gasoline whenever you need it. Socony service enables Socony users to do this.

For complete motoring satisfaction, begin using Socony regularly today.

Look for the red, white and blue Socony sign.

NOW FREE FROM PAIN

Lydia E. Pinkham's Vegetable Compound Frees Another Woman From Suffering.

Bayonne, N. J.—"Before I was married I suffered a great deal with periodical pains. I had pains in my side and back and also headaches, and got so weak I could not do anything. I took Lydia E. Pinkham's Vegetable Compound and soon felt better. Now I am married and have two little boys. Before the first one came I was weak and nervous, could not eat and was dizzy. After I took the Vegetable Compound I could work and eat. Now I am strong and recommend your medicine to my friends."—Mrs. ANNA SLEVA, 25 East 17th Street, Bayonne, N. J.

Women who recover their health, naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

If you need a medicine for women's ailments, try that well known and successful remedy, Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidential), for anything you need to know about these troubles.

SOME HEADLIGHT FACTS

Thinking that it might be of interest to local automobile drivers, I am rewriting some of the facts which were recently published by the Scientific American Magazine, N. Y., from an article which I submitted. Theoretically, the parabolic reflector of head lights should reflect rays of light forward in a parallel beam if the electric globe is placed at the exact focus of the reflector.

Often the lamp is not placed at the exact focus and some of the rays are shot upward, causing glare which is illegal. If the lamp is placed back of the focus, some of the rays will be reflected upward.

Rays striking the upper surface of the reflector will be cast downward. The rays striking the bottom of the reflector are the ones which cause glare to approaching auto drivers and to overcome this effect, several lens are on the market.

Some of these are worthy, others are not. The Warner lens diffuses the light into a broad diverging beam giving a large road area lighted but short distance ahead.

The Legalite lens consists of a series of prisms which refract the light rays downward.

The Macbeth lens acts in the same way as the Legalite with the addition of a green visor at the top which diminishes glare rays when an approaching driver gets near to the car. The Violet ray lens has a black visor which has the same effect as the Macbeth lens, but the lower part of the lens has a series of diagonal ridges which tend to diffuse the light.

The essential thing is to have the electric globe at the exact focus of the reflector to get the best results and most all automobile direction books which come with autos gives one the proper information for focusing their particular head lights.—W. A. Kimball, July 10, '20.

In Memory

In memory of Blanche S. Potter and Leslie Kilgore:

Just beyond that Silent River,
To the Golden City above,
To that Home of many mansions, Just Beyond.
O the loved ones left behind them
To wait their turn to go their way—
Just to pass that Silent River, Just Beyond.
Shall we meet her and the little brother?
Shall we know each other there?
My Lord guide and teach us
That we shall meet each other there.
Where we'll clasp and fold each other, Just Beyond.

Freight Wreck At Oxford

Three freight cars were derailed and badly smashed Tuesday morning some 4 miles east of South Paris station. Traffic on the line was tied up until cleared about 6:30 o'clock in the afternoon. All freight trains were cancelled.

Passenger and perishable express were transferred when the east and west bound trains met at that point in the forenoon. In the afternoon the passenger from Portland was held at Oxford, and the through train from Montreal remained at South Paris until a clear line was reported.

The Montreal express left South Paris about an hour late and the Portland train arrived at 7:15, nearly three hours late. A broken truck frame is believed to have caused the trouble.

Mr. Rogers will leave town Monday or Tuesday.

At the Sunday morning services at the Universalist church, the young ladies' quartette, Evelyn Wight, Emma West, Louise Silver and Gladys Hatch closed their services, and as a token for their faithful services for the past few years which have been given without charge, each were given a sum of money. Three of the quartette are graduates of Paris High School in the class of 1920. For the present they will sing as the Aeolian Quartette.

SOUTH RUMFORD

Curtis-Atwater

Archie Gerald Curtis, formerly of So. Paris, and Margaret Leah Atwater of Rumford were united in marriage at the home of the bride's parents, on July 18. The ceremony was performed at 1:30 p. m., by Rev. Clarence Emery, pastor of the Mexico Baptist Church. The double ring service was used. Ferns, pinks and other flowers formed the tasteful decorations in the room.

The contracting parties entered to the strains of a wedding march and were accompanied by Archie Phelps as best man and Blanche Wyman as bridesmaid. The bride was gowned in pale blue georgette and carried a bouquet of pinks and maiden hair ferns. The bridesmaid wore pale yellow voile.

The bride's gift to her attendant was a valuable brooch and the groom presented a scarf pin to the best man.

Only members of both families and a few intimate friends were present.

Immediately after the ceremony, Mr. and Mrs. Curtis were showered with confetti and rice. A bridal party including sixteen relatives motored to Middlesex Inn on the shore of Worthley Pond in Peru where a shore dinner was enjoyed. After a sojourn of two weeks, the couple will return to Rumford and occupy a cozy home in Virginia.

Mrs. Curtis is the youngest daughter of Mr. and Mrs. Henry Atwater of Rumford. She is a graduate of the local high school, has been bookkeeper some time in the Charles Levin dry goods store. She has also been a successful teacher in the public schools.

Mr. Curtis is the eldest son of Mr. and Mrs. Archie Curtis of South Paris. After his graduation from Paris high school two years ago, he secured a position in the Rumford National Bank, a position he still holds.

Many valuable gifts were received.

Alma Hubbard is at home for the summer and is taking Margaret Atwater Curtis' place of bookkeeper in the Charles Levin store for two weeks.

A large party from this neighborhood enjoyed the day Sunday at Roxbury Pond.

Mrs. Martha Lowe of Brockton, Mass., is visiting at Willard Wyman's.

There was a large attendance at the reception given Mr. and Mrs. Herman Keene Thursday evening, July 15, at his parents', Mr. and Mrs. John Keene's. Among the presents was an art square, a dozen silver teaspoons and half a dozen cut glass tumblers. Refreshments of coffee, cake, sandwiches and lemonade were served. Mr. and Mrs. Keene, who were recently married, have many friends in town who wish them many years of happiness.

COMMUNITY CHAUTAUQUA

Community Chautauqua was a big success and closed the fifth year with hundreds of enthusiastic supporters ready for another campaign in 1921. An increased number attending was noted this year. Eight hundred was the smallest and 1200 the largest audiences present. Six hundred and thirty pledge cards have been signed, the largest ever received. Last season 614 pledges were in the hands of the committee at the close of Chautauqua. The 1150 spectators Saturday evening broke all local records and the 496 single admission tickets sold is an endorsement of a play like "Polly of the Circus" and a tribute to the Chautauqua spirit brought into the community by the business men behind the movement.

We were fortunate in having, as in the past, wide awake young people with the outfit. E. Martin Grove, superintendent, with assistants, J. E. Endres and L. E. Gobrecht were congenial and good mixers with the public. Mildred Hadsell of the Ohio Wesleyan University as Junior Superintendent was a success in that department and won the affection of more than a hundred youngsters during her brief stay. Josephine Chase of Norway was her able assistant and will have the Juniors under her care until the next Chautauqua.

Next year the Chautauqua will return bigger, better and busier than ever. It is said a fully equipped outfit will be brought here in a special car. Thus far only the brown top, side walls and stage fittings have been carried, the local association procuring the stage, chairs, tent poles, and other things. Hereafter we will have all these things brought to us. An enormous burden will be lifted from the shoulders of a few who invariably receive the brunt of the attack.

While not needing police protection, the local committee was ready for any emergency with a corps of officers constantly on duty. Sheriff Harry D. Cole and Deputies Harry Stimson and Ernest Shaw were on the alert. Officers Hall and Kimball handled the traffic through the main gate and parked the autos left under their care.

Chautauqua Programs

On Thursday, the second day, the Venetian Serenaders, a trio playing an accordian and two guitars, appeared at the two performances. In the afternoon Maud Willis read "The Fortune Hunters" in a realistic manner. Each character was clearly portrayed in an artistic manner. Her work was excellent. Thursday evening Harold Feber of England appeared in the place of Percy Allen. Mr. Feber has been connected some twenty-eight years with the British admiralty and his illustrated lecture, "Secrets of the Sea" brought out information concerning the navies of the world not of common knowledge. Naval warfare and submarine work during the late war figured prominently in his lectures.

The Beacon Concert Company including Roy Cropper, a young man with a very fine tenor voice, Elsie Biron, violinist, Marguerite Porter, soprano soloist and accompanist, furnished the musical program Friday. In the evening the artistic musical prelude was followed by Dr. E. E. Violette in his famous lecture "Americanism, the Goal of History." This masterpiece entertained and instructed, it drew indisputable facts from the historical past upon which could be based the probabilities of our future. Nations of antiquity were brought to the large audience in word pictures that made the dead past a reality. The speaker summed up America as containing all and more than the powerful nations of ancient times possessed. We have wealth, learning, strength, ideals and science as did the early nations. They went to decay by an improper use of one ideal. America must combine all these powerful things into a workable mixture if progress and long life is to be the heritage of future generations.

Saturday was a great day for the Junior Chautauqua. The forenoon was spent in games and rehersals for the topshop pageant given under the big brown top in the afternoon. Story book characters in appropriate costume were acted by the Juniors before a large audience. Louise L. McIntire of International fame as authoress and lecturer gave her address "Keeping in Trim." The lecture was an appeal for longer lives and perfect health. Fresh air, systematic exercise, and proper food was advocated as the means to accomplish this end. Several gymnastic movements to correct imperfect breathing were demonstrated in the audience.

Saturday evening "Polly of the Circus" was given in five acts set with scenery painted especially for the Chautauqua production. The story was finely interpreted by Metropolitan players selected as types for the characters impersonated. Janet Hershey was the winsome "Polly"; Wilfred Young, the leading man, acted the part of "Rev. Douglass" in a dignified and pleasing way. William Short was pathetically humorous in "Toby" the clown, and also doubled as "Deacon Strong," the husky trouble maker and hypocritical villain. Daniel Ross was "Jim," the boss canvas man. "Hasty," the colored servant, greatly afflicted with rheumatism and kindred ailments, was acted by Donald McLean. Kate Jepson made a typical "Mandy," a colored woman with a big heart and considerable pep. Marjorie Dalton as "Mrs. Willoughby" the village gossip and mischief-maker, was typical of characters found in all communities. Richard H. Hogan played the part of the figgity "Deacon Elverson." The comedy expressed in his work with "Deacon Strong" was clean cut and not the least bit "stagy."

This theatrical production broke the local Chautauqua record for attendance and box office sale of single admissions. From the expression of the local patrons at least, a play of this sort staged every year would increase the popularity of Chautauqua amazingly.

The Cremonas, a musical organization including eight artists appeared Monday in a program of great merit. Combinations of the five violins, cello and piano brought out the best effects possible only by stringed instruments in the hands of masters. Margaret Perry was the gifted soprano soloist and Ernest Harrison, piano accompanist and soloist. They gave a double concert in the evening before more than 1,000 people.

John Tobin delighted his hearers in the afternoon with his lecture-concert "Anglo-American Music."

Securing Pledges

Eugene N. Swett, president of the Norway and South Paris Chautauqua Association, started the ball rolling for the ticket committee Saturday afternoon. A stirring appeal brought results, 183 pledges being received toward the 600 needed to put it over.

An intensive ten-minute drive was made in the evening to secure a total of 600 pledges. Past experience has taught the committee to secure a safe margin to offset an inevitable shrinkage and they went after it with a will. A small army of canvassers worked rapidly in the audience with Supt. Grove "talking it up" from the platform. Only 150 were lacking at the end of the allotted time.

The last rally was staged Monday night. Some fifty guarantors signed the contract but this was not to be handed over until 600 pledges had been received. Albert D. Park presided and the drive was launched. The first hundred names came slowly, but when the full power was applied the goal was reached and some more. Enthusiasm ran high as the pledges rolled in, and great was the excitement as the former record of 614 was smashed against 625 pledges safely landed. Five more were procured after the drive stopped.

Religious Service Sunday

Some 1200 people gathered in the Chautauqua tent Sunday evening for the religious services arranged by the committee of the Norway and South Paris Chautauqua Association.

Rev. Dwight F. Faulkner, pastor of Deering Memorial Church, South Paris, presided. The services opened with a selection of sacred music by an orchestra composed of Norway and South Paris musicians conducted by Marion Haskell. George Horne of Lewiston directed the congregational singing as they sang "Battle Hymn of the Republic" with orchestra accompaniment.

Prayer was offered by Rev. M. O. Baltzer of the Norway Congregational church. Rev. James L. Wilson of the South Paris Baptist Church read the Forty-sixth Psalm. "Nearer, My God, To Thee" was sung by the congregation accompanied by the orchestra and directed by Mr. Horne.

As Charles Harrison, the famous singer, was unable to be present, Mrs. John Hupper Turner, a prominent contralto soloist, at Williston and St. Lawrence Congregational Church at Portland, appeared by request. Mrs. Turner sang a response to the prayer and rendered a beautiful solo during the services. Both solos were greatly appreciated.

Rev. Newell Dwight Hillis, D. D., of Brooklyn, N. Y., spoke on "The America of Today and Tomorrow," holding the audience spellbound an hour and a half. The physical greatness of the United States over other countries was a theme for comparisons and predictions in agriculture, in the conservation of natural resources, and in improvements of machines that appear marvelous in this age. Chemistry in the future will supply our physical needs. The material for our clothing and food will be produced without the long process of physcal laws as we now understand them. Advancement in knowledge will produce speed, conservation anl concentration in manufacturing for human needs.

According to the speaker, the America of tomorrow must not depend on brute force for its progress. God, the Creator working through the inventive intellect, and the spiritual mind of man, is the motive power to carry forward the vast work for democracy and righteousness. Education is a deadly foe to a red flag government. We need more schools, with a corps of well paid teachers, for the children must be educated, taught true patriotism and love for the symbol of liberty.

Dr. Hillis told his hearers the protestant denomination were starving their ministers and with the low salaries paid no inducements were offered promising young men to train in theological schools for a wonderful mission in the America of tomorrow.

The meeting closed by the congregation singing America. Rev. D. F. Faulkner pronounced the benediction.

Without question, this service will be productive of good in this section and the local committee were fortunate to secure Dr. Hillis with his sermon bristling with christian optimism and deep faith in our country and its institutions. The free will offering amounted to $133.52.

HOTEL MAN GIVES FACTS OF TROUBLE

H. F. Johnson Was Worn Out From Months Of Suffering, But Feels Splendid Now

"After what Tanlac has done for me I think it nothing but right to tell others about it," said Herbert F. Johnson, proprietor of the Johnson Hotel, "Raileys Island, Casco Bay, off the coast of Maine while in Portland recently.

"On October 24, 1918, I underwent a very serious operation," he continued and ever since that time I had been in a badly run-down, weakened condition. My appetite was very poor, everything I ate disagreed with me and there were a great many things which I liked best I could not eat at all. I suffered so much from the formation of gas on my stomach that I was in the worst sort of misery just about all the time and could get but little sleep. I felt tired and worn out all the time, and had lost weight and strength until I actually did not feel like moving.

"My sister, who had taken Tanlac with remarkable results, advised me to try it and I took her advice. Well, I had taken less than a bottle when I began to feel a great deal better, and now after taking only four bottles I consider myself a well man. I have a splendid appetite, eat anything I want without having any trouble from it afterward, and have gained several pounds in weight. I sleep well, never have that tired, worn-out feeling, and in fact feel better every way than I have in years. I am glad of this opportunity of saying a good word for Tanlac and hope my experience will be of benefit to others."

Tanlac is sold in Norway by A. L. Clark Drug Co., in West Paris by S. T. White, and by O. H. Haskell, Sweden, R. F. D. from Harrison.

It Pays

To be particular—pays you and us. Quite often customers come to us and say, "I'm particular about that." We do not blame them at all. This store where quality counts, is often called the store for particular people, and one need to make but one single purchase here to demonstrate the aptness, fairness and truthfulness of the declaration.

In all our experience we have always found that it pays to be particular—pays the customer and ourselves. It lends individuality to our merchandise, it stamps the purchase with the hall-mark of distinction. Goods sold where quality counts stay sold and create permanent customers. It is from this class of people that we have built the foundation of our business.—For their patronage is constant and whole-hearted.

"SO LIGHT I CAN TAKE IT ANYWHERE—SO POWERFUL IT SUCKS UP ALL THE DUST AND DIRT; I COULDN'T KEEP HOUSE WITHOUT MY

APEX SUCTION CLEANER

The house is cleaner because the strong, steady action of air through the Apex insures that all the dust and dirt ground into the rugs as well as the surface dust, will be drawn up into the dust bag.

The house is cleaner because the inclined nozzle of the Apex pokes into the hard-to-reach corners and greedily sucks up all the dust and dirt that lodges there.

The Apex way is the quickest way because there's no lost motion—every easy sweep of the cleaner means that the floor covered by that sweep is CLEANED and it takes surprisingly few of these to clean even a large room.

The Apex way is the easiest way because the machine is so light and easy to handle that there is not the exertion necessary to clean the whole house, upstairs and down, that is required in weilding the broom in just one room.

It is a SAFER way, because the Apex gobbles up the germs that a broom only stirs up into the air in the room.

An Apex Cleaner will be sent to your home on free trial at your request. A small payment down will keep it there—and the remainder may be paid on the easiest of terms. Why not ask for one on free trial today?
